## CAREER OBJECTIVE

Final-year student skilled in HTML, CSS, JavaScript, React.js, and Java, aiming to start a career as a Front-End Developer. Passionate about building responsive web applications and eager to learn and grow in a dynamic IT environment.

## EDUCATION

B.E. in Electronics & Communication Engineering  
East Point College of Engineering & Technology, Bangalore  
2022 – 2026 | CGPA: 7.5

Pre-University (PUC) – Science Stream  
Saptagiri Comp PU College | 2020 – 2022

## SKILLS

**Frontend Development:** HTML, CSS, Responsive Web Design, DOM Manipulation.

**Programming Languages:** JavaScript, Java.

**Frameworks:** React JS.

**Version Control & Tools:** Git, GitHub, VS Code, IntelliJ IDE.

**Soft Skills:** Problem-solving, Team Collaboration, Adaptability, Time Management, Communication.

**Other Skills:** REST API Integration, Microsoft Word, PowerPoint.

## PROJECTS

**Portfolio Website** | React, HTML, CSS | [Link](#)

- Designed and deployed a personal portfolio showcasing projects, skills, and contact information through a clean, responsive layout.
- Implemented reusable React components and smooth navigation to deliver a polished and user-friendly browsing experience.
- Demonstrates front-end proficiency and serves as a living showcase to recruiters.

**Weather.find()** | HTML, CSS, JavaScript, OpenWeather API | [Link](#)

- Built a functional weather application enabling real-time weather lookup by city, integrating with OpenWeather API for dynamic data retrieval.
- Crafted a responsive design that adapts seamlessly across devices, emphasizing clean visuals and user-centric UI.
- Implemented robust error handling to handle invalid inputs or API failures gracefully, enhancing reliability and user trust.

**IoT Based Intelligent Medication System** | OpenCV, Raspberry Pi, RFID

- Built an automated medicine distribution system with face recognition and schedule-based tray control, improving on-time medicine intake by 90%.
- Developed real-time authentication, LCD user interface, and notifications, integrating sensors and RFID for secure and efficient patient interaction.

## CERTIFICATIONS

Introduction to Java as a Second Language | Coursera (LearnQuest) | [Link](#)

## ACHIEVEMENTS

Active member of Coding & IoT Club.  
Lead the Final Year Major Project Team.
